President Acrey at the noon luncheon of the Lions Club this week announced the committees that will function for the club the following year. The committees follow:

Attendance: Vernon Roberts, Geo. Gott and O. H. Giddings.

Membership: John C. Young, F. R. Dunlap, Lester Glass and Stanton Dossett.

Major Activities: Stanton Dossett, N. D. Timmerman, James Watson and Hilton Culpepper.

Finance: R. P. Jeter, J. C. Martin, Frank Stewart and F. C. Fahrendorf. Civic: James Watson, Mike Coleman and Charlie Brady.

Program and Lion's Educational: T. A. Fisher, John Henderson, Lucille Dickard, N. D. Timmerman and Joe Denson.

Luncheon: Charlie Frank Green, Stanley Swift, John C. Young and S. L. Williams.

Boys Work: E. C. Cole, Charlie Brady and A. C. Strickland.

Publicity: J. C. Martin, Lester Glass and W. M. Cobb.

An innovation was introduced by Tail Twister Mike Coleman. He has installed a large roulette wheel which every tardy member is required to spin, the number he draws calling for either a fine or the performance of some stunt. It is expected that this will be the means of Lions being more prompt in gathering for the luncheon and will also bring much fun and amusement to those present.

Mr. Reichert of the Fort Worth Star Telegram, who announced himself as "an honorary member" of the Ft. Worth Lions Club, was a visitor representing Hon. Orville Bullington, Republican gubernatorial nominee, who had been invited to address the Lions Club but could not be present.

The guest speaker for the day was the Rev. Ed S. Mace, pastor of the Cameron Christian church, whose talk on "Fools" was very interesting and much appreciated by the club. It is expected that Rev. Mace will become an active member of the Lions Club.

### PRESBYTERIANS CLOSE REVIVAL MEETING

Dr. W. R. Hall closed a two week's evangelistic meeting at the Presbyterian church Sunday night. Dr. Hall is from Corsicana where he has been pastor for several years. Prior to his ministry there he was pastor for the Cameron church and his many friends here say it was a real pleasure to have him preach for this meeting which was a spiritual uplift to the congregation and all those who attended the services.

The present pastor, Rev. O. C. Acrey said there had been a number of additions to the church with a prospect of many more. The pastor of the Christian church with his members, attended the closing services as a courtesy to the departing minister.

### Short Crop

Milam county's cotton crop up to October 1, 1932 was about half the size of the 1931 crop to that date, according to Grover H. Albert, special agent for the Department of Commerce.

There were 22,918 bales of cotton ginned to October 1, 1932 as compared with 44,427 bales ginned to the same date in 1931. It is estimated that the 1932 crop will not exceed 32,000 bales.

### LAST CHANCE

The last of the South Milam League baseball games will be played on Sunday afternoon October 23 at 3 p. m. It could not be ascertained at this moment where the game was to be played but most likely at Sharpe.

Davilla won the first half and the Sharpe team the second half of their schedule and the game of Sunday will decide as to which team shall be crowned as champions of the South Milam League for 1932.

Both teams are well fortified with good players and a tough battle should be on tap for the curtain ringer.

### Campaign Medallions Selling In Cameron

### Cheeves Brothers In Annual Fall Sale To Open Here Friday

Buying opportunities in Cameron are made unusually appealing this week with the opening of the annual fall sale at Cheeves Brothers.

The big sale opens Friday. The store was closed on Thursday when preparations were completed for the opening of the sale Friday. Sales bills for the big sale were printed in the plant of the Cameron Herald and have been mailed to the people of the county. This store believes in patronizing home industry and the order placed for sales bills is one of the largest in the history of local sales.

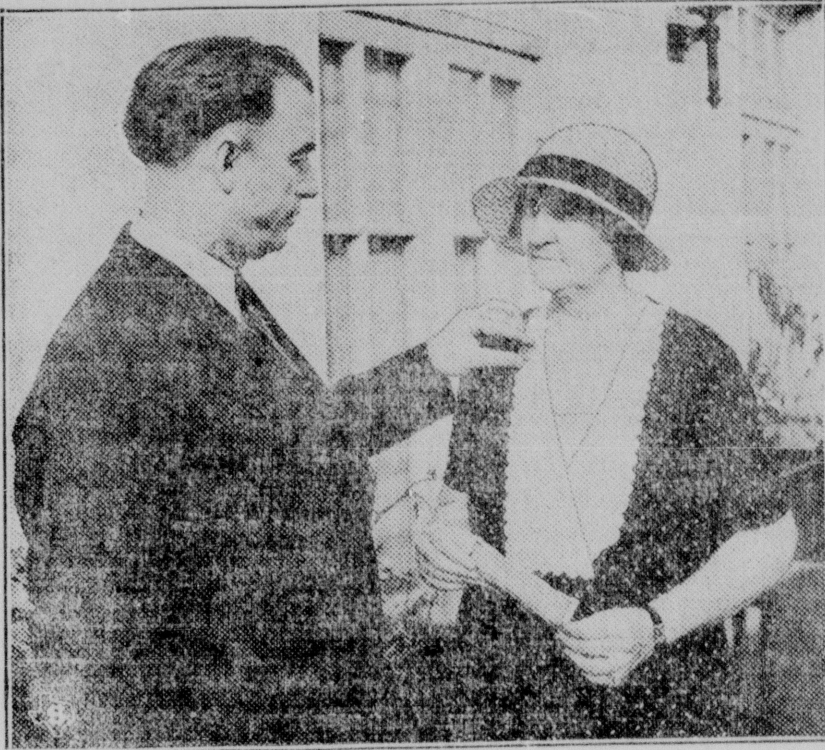

Important messages from time to time will be made to the people during the progress of this sale. It will continue for some time. Many shipments of new goods have been received to be marked down in this big sale.

### Local Talent Play At K. C. Hall October 28

The three act comedy drama "Eyes of Love" will be staged in Cameron Friday night, October 28 at the K. C. Hall. The play will be staged under the auspices of the American Legion with the proceeds going to the Legion Post it was announced this week.

The play will begin at 8 o'clock and the admission charge will be 10c and 25c.

### Dem Nominee Aids National Cause

Mrs. Miriam A. (Ma) Ferguson, Democratic nominee for governor of Texas, buys a Democratic emblem from Frank Schofield, financial director of the Texas Democratic campaign. The emblems are being sold to fill the national campaign chest. The picture was taken at Austin when Mrs. Ferguson arrived there after the Lubbock convention had proclaimed her the nominee.

## Boy Scout News

All who are interested in Scouting will be pleased to hear that a Court of Honor is to be held in the auditorium of the Yoe high school, Friday night, October 21 at 7:30 p. m. There will be no charge for admittance.

At this time, the highest rank in Scouting, that of Eagle Scout, will be conferred upon one of the Scouts of Troop 53. Other awards will be made to those who have advanced in rank and those who have passed the test for merit awards.

Come out and encourage the young men who deserve your good will and appreciation.

There is a great need for a Troop of younger Scouts in Cameron. Realizing this, the local lodge of Masons have offered to sponsor another Troop. So, you boys of 12 and 13 years of age see Scoutmaster Haygood at the Express office or assistant Scoutmaster Narvie Caperton at Parma's Store and they will tell you how you may enter this new troop.

Personally and in the name of the United Workers, I want to thank those Scouts for the splendid service they rendered this week. Truly it was a good turn.

### Jean Harlow Heads Cast of "Red Headed Woman" to Open At The Milam Theater Sunday

"Red Headed Woman," Katharine Brush's widely read novel of a stenographer who capitalized on her sex appeal, comes to the screen at last with Jean Harlow, her famous platinum-blond hair changed to a flaming red, in the title role. The picture will open Sunday, October 23 at the Milam Theatre.

Practically every red-haired actress in Hollywood was given tests for this highly-coveted part before decision was reached by Metro-Goldwyn-Mayer officials to assign the role to Miss Harlow, providing she would change the color of her tresses. Report has it that the alteration has given the noted heroine of "Hells Angels" an entirely new personality, as well as giving her appearance a totally different aspect.

Adapted by Anita Loos

The novel was adapted to the screen by Anita Loos, author of the sensational "Gentlemen Prefer Blondes," and was directed by Jack Conway, one of whose recent hits was the Barrymore picture "Arsene Lupin." A stellar cast was lined up for the production with Chester Morris of "Corsair" and "Miracle Man" fame, playing opposite Miss Harlow and with important roles filled by Lewis Stone, Leila Hyams, Una Merkel, H. Stephenson, May Robson, Charles Boyer and Harvey Clark.

The story of "Red Headed Woman" concerns Lil Andrews, an unscrupulous but extremely attractive typist, who exerts her wiles upon her employer, Bill Legendre, despite the fact that he is a married man, with the

Troop 52, J. A. Lindle, Scoutmaster. In spite of the gap in the ranks caused by the football game Troop 52 held their regular meeting with the Scoutmaster, one committeeman, 11 Scouts and five visitors present.

The preliminaries were occupied with a 'scrub' game of indoor football. The entire meeting was conducted by Patrol Leader Bob Hensley and Scout August Moraw, the Scoutmaster devoting his time to passing tests in preparation for the Court of Honor.

First Aid work was carried out by the Patrols. The outstanding game of the evening was a long distance marble game which created quite a bit of excitement and a two out of three games were won by the 'X' patrol. Scouts Richard Houston, Bob Hensley and Johnnie Stanislaw did their community good turn Saturday by delivering literature for the United Workers.

Troop 53, J. W. Haygood, Scoutmaster. We had no meeting Friday night on account of the football game in Hearn. Some of our troop played on the team and some in the band. (See BOY SCOUTS on page 5)

JEAN HARLOW

Jean Harlow is at her best in the Screen version of "Red Headed Woman" Sunday and Monday at the Milam Theatre.

bitious ex-stenographer now centers her attentions upon a wealthier man. It is impossible, however, for the sexy Lil to be faithful to any one man and when she attempts to double-cross her latest "flame" by having an affair with his chauffeur, complications begin and clever Lil finds that she's got to be even cleverer if she's going to achieve her ends. Just how she does it makes up what is believed to be one of the most amusing and interesting plots used on the screen in some time.

### Edward G. Robinson At Milam Theatre Today And Friday; Big Hit

Edward G. Robinson, star of First National's "Tiger Shark" which comes to the Milam Theatre today and Friday with Richard Arlen and Zita Johann in the supporting cast, may well lay claim to being a "one-man League of Nations." In his career on stage and screen he has appeared as Chinaman, Italian, American, Hebrew, Greek and now in "Tiger Shark" he is a Portuguese captain of a tuna-fishing boat that cruises the waters of the Gulf of Southern California. Robinson further substantiates his claim with an ability to speak seven languages in addition to English—Romanian, Hebrew, French, Spanish, Italian, German and Yiddish.

### CAMERON AND HEARNE TIE IN NIGHT GAME

Although the Yoemen outplayed Hearn in the night game Friday at Hearn the score was 6 and 6 when the final whistle blew to end the game. Cameron made 28 first downs while Hearn made less than a half dozen. Cameron backs ran wild. A bad break for Cameron came in the third quarter when a pass went thru Worcester's hands on the two yard line.

A game with Somerville was forfeited to Cameron this week.

### CHANGE OF VENUE GIVEN TUCKER; CASES TAKEN TO BELL COUNTY

A change of venue was granted by Judge Dodson in District Court here Saturday to J. C. Tucker on application by his attorneys.

The case was transferred with all indictments to Bell county.

J. C. Tucker was indicted on 17 counts by a grand jury following the closing of the Cameron State Bank. The case was called for trial here on October 10 with four of the charges set down or hearing. The judge interrupted the case during testimony given in support of a change of venue and indicated he had heard enough to justify granting the change and announced final decision would be made Saturday. Accordingly he returned from Marlin and entered the order sending the case to Bell county.

Under the Texas statute the case should have been sent to Caldwell in Burleson county, the nearest court house, it was said.

### TWO FARMERS INJURED IN RIVER ROAD MISHAP

S. N. Cook and Jess Doss of Hoyte, farmers, were injured Thursday morning on the viaduct across Little River bottom east of the city when their wagon was overturned.

Mr. Cook was brought to the Cameron hospital in a Coleman ambulance being the most seriously injured of the two. Mr. Doss was given medical attention also. Mr. Cook received severe head injuries and his right arm was badly hurt. Mr. Doss received injury in his back.

According to them they were coming to town with a load of cotton when a truck loaded with feed approached. The mules became frightened and backed the wagon off the trestle.

### Cameron High Plays Waco Here Friday

The Yoemen will play the Waco Preparatory School at Lawless Green Field Friday. Cameron has the strongest football team in many years and the game should be one of the best of the season.

Frank Mohler, son of Mr. and Mrs. Joe Mohler, left last week for Liberty where he will be stationed with the State reclamation work.

We are glad to report that little Evelyn Hooks, small daughter of Mr. and Mrs. George Hooks, is now much improved after a spell of illness of several days duration.

### AUDITOR GILES AVRIETT AND JUDGE FILE FOR RELIEF DUE COUNTY

By GILES L. AVRIETT

The Legislature at the September Session passed the Bond Assumption Bill. The law in effect will give relief to the Tax Payers in the Special Road Bonded Districts of Milam County to the extent of approximately \$500,000.00.

The Legislature only provided that Bonds and Warrants be assumed which mature from January 1, 1933 to August 31, 1933 and from September 1, 1933 to December 31, 1933. Future Legislatures will have to provide the necessary Legislation and re-enact the law every two years if carried to a conclusion.

For the purpose of administering and putting the provisions of the act into execution, a Board of County and District Road Indebtedness was created, which shall consist of the State Highway Engineer, the State Comptroller of Public Accounts and the State Treasurer. It is the duty of this Board to estimate the required amount to retire the principal and interest of the eligible obligations maturing on the various dates listed above.

Paid From Gasoline Tax

In the event it is determined that the amount set aside from the gasoline tax is sufficient to pay the principal and interest on the bonds maturing, then and there is no necessity for any tax to be levied by the Commissioners' Court of the various counties. In the event the amount set aside from the gasoline tax is insufficient to create a fund to retire the bonds and pay the interest, then it will be necessary for the Board to give the proper notice to the Commissioners' Court of the various counties and a tax will have to be levied by the Court to raise a fund with which to supplement the amount provided by the gasoline tax.

As an alternative for levying and collecting a tax to supplement the fund raised by the gasoline tax, the (See BOND REFUND, page 6)

### BULLINGTON WOULD SAVE TEXAS FROM JIM AND MA FOR GOOD GOVERNMENT

Orville Bullington of Wichita Falls candidate for governor on the Republican ticket, spoke in Cameron Tuesday morning at 10 o'clock. His appeal was to the Democrats who voted for Sterling and who contemplate a bolt.

He said his ambition was to bring good government to Texas and to save the state from Jim and Ma. He was introduced by Jim Baskin, member of the Democratic Executive Committee for the Cameron Precinct.

Mr. Bullington in the course of his address said there was no one else to vote for but Bullington. He said he wanted to hold the office two years and would retain all the present employees to man the government.

The candidacy of Mr. Bullington is an appeal to those who will not vote for Mrs. Ferguson. In a statement issued to the people of Texas Tuesday former Democrats have given their support to Bullington, among them T. S. Henderson of Cameron.

### TICKETS RECEIVED IN CAMERON FOR VOTING ON NOVEMBER EIGHTH

November election ballots and supplies have been received in Cameron and absentee voting has begun according to Homer Nabours, County Clerk.

The ballot is the largest in the history of Texas with seven columns for all parties represented and one for independent voting. There are 9 amendments proposed to the constitution. The ballots were printed in the plant of the Rockdale Reporter.

Absentee votes may be cast not less than three days prior to the election nor more than 20 days.

## Trench Silos Prove Real Boon To Feed Salvage In County

By constructing trench silos, the farmers of Milam county are beginning to take advantage of cheaper means by which to preserve ensilage on their farms.

George Graves of Sharpe was the first to construct the trench silo and

last week J. W. Kemp built one on his farm west of Minerva.

The advantages outweigh the disadvantages when one wishes to construct a cheap silo quickly and will take the necessary precautions in filling and covering. The principal advantages of a trench silo are: The low cost of construction; they may be constructed in a short time; it is convenient to place and pack the silage; they are less expensive to fill than above-ground silos; they are wind proof, fire proof and frost proof; it is easy to remove the silage; and it is easy to apply water to the silage.

The silo on the Kemp farm is 148 feet long and will hold 100 tons of feed. The cost of building was only \$25, taking two and a half days for construction. Seventy-five acres of row feed are to be ground up and packed in the two silos for winter use. The ground up feed will consist of sorghum cane, hegar, red top cane and sudan grass and will be mixed with corn and oats, which are stored in barns on the place. This feed is especially fine for dairy and beef cattle.

## Most Recent Rise of Rio Grande

Here is the International bridge at Presidio, Texas, way down at the bottom of the "Big Bend." The Rio Grande river's latest rise swept portions of this bridge away last week, and caused extensive crop damage in the vicinity. The flood resulted from heavy rains on water sheds of the usually dry creeks in this desert-like section, and spent itself before it reached the lower sections of Texas, which have just passed through a serious flood period.

## Rev. C. A. Lehmberg Asks Year's Rest In Work Of Ministry

Sunday, October 16th, marked the 41st anniversary of the entrance of Rev. C. A. Lehmberg into the ministry of the Methodist church. This event was noted by the congregation of the Methodist church where Mr. Lehmberg has been pastor for three years, and is leaving for Texas Annual Conference which is to be held at Navasota on November 3, where he expects, on account of continued ill health, to ask for a leave of absence from ministerial work for one year. He and his wife will make their home in Bartlett during his rest.

Rev. Lehmberg has served his people here with an interest that has drawn to him many close friends both in his congregation and other denominations.

While he is resting and improving, doubtless his year's rest will restore him to his usual good health and activities.

Just before the morning services Sunday, Mrs. R. L. Batte, presented a beautiful floor basket filled with 41 choice rosebuds, in commemoration of his 41 years service in the ministry. The roses were grown and basket arranged by Mrs. Leland Green and proved a real joy to the people at the parsonage.

## NEW "SCIENTIFIC WAY" TO RELIEVE Sour Stomach and ACID INDIGESTION

Do you suffer from excess ACIDITY, sometimes known as nervous indigestion?

Nature furnishes us with an alkaline reserve to prevent the accumulation of acid in the stomach. If the alkaline reserve is normal the acid toxins of digested food are neutralized and we do not know we have a stomach. Late hours; over work; irregular meals and the eating of too many acid forming foods such as meat, bread, eggs, cereals and pastry causes EXCESS ACIDITY.

Nearly all stomach troubles such as indigestions, gas pains, and that burning, gnawing feeling after meals are known as Acidosis. The way to get relief is to correct this excess acid condition. A noted German specialist who treated 100,000 cases of stomach trouble, after 20 years of research and experiments, has compounded a private formula that has produced miraculous results. It's safe and harmless the—

If you suffer from stomach ulcers they will give you quick relief by coating the irritated membranes with a cooling film; speedily and efficiently enabling nature to rid you of this dangerous ailment. If you are subject to digestive disorders there is nothing equal to this new treatment.

## L. W. Sledge Buried In Rockdale Sunday

L. W. Sledge, 54, a prominent citizen of Rockdale since 1914, died at his home on North Ackerman Street last Saturday morning at 10 o'clock.

News of his death came as a distinct shock. While he had been a semi-invalid for a long time, and had been confined to his room for several weeks, his death was not anticipated by either his family or his friends. Indeed, so sudden was his passing that his only brother, C. W. Sledge, of Pearsall, was unable to reach his bedside before the end.

Funeral services were conducted at the home Sunday afternoon at three o'clock by Rev. J. P. Love, rector of the Rockdale Episcopal church, of which decedent had long been a faithful member. The remains were then taken in charge by Rockdale Lodge No. 414, A. F. & A. M., interment following in the L. O. O. F. cemetery under the impressive Masonic ritual and in the presence of an immense crowd of sorrowing friends.—Rockdale Reporter.

## HORSELESS CARRIAGE WHICH TOOK SHARPE BY STORM IN 1908 STILL IS TALK OF TOWN IN MODERN TIMES

By JOHNNIE BROWN

Sharpe, Texas, October 18—Picture a quiet Sunday afternoon in the Sharpe community back in the good old days of 1908.

Suddenly the Sabbath calm is broken by a sputtering roar—a very strange looking vehicle moves into sight. Mules, cattle and other stock tear for shelter, and mothers clutch their infants closer. But don't be alarmed, it was only Paul C. Graves in his new car out for a Sunday afternoon spin.

The same car, a 1908 model Hup-

mobile, is now the property of Earnest Backhaus, also of Sharpe, who claims that it is the oldest in this part of the State.

Although it has been overhauled but once the car is still in good running condition, and its four cylinders perform their task unflinchingly. It is as queer looking to the younger generation of today as it was to the old timers in 1908.

Asked why he does not use the car for his "Sunday" or "Church Going car," Mr. Backhaus explained that he did not wish to disturb the public worship in such a manner.

## Jones Prairie Club Holds Meet Tuesday

The general assembly of the 4-H Club met Tuesday at the school house with County Home Agent, Miss Bartholomew and County Agent George Banzhaf in charge, also the school board and patrons, for a general clean up and plans were made for a three year course of beautifying the school grounds. Much enthusiasm was manifested. A cobble stone walk was made at the front entrance and a brick walk rearranged at the side. Flower beds were made in which to set out shrubs and trees later. Lunch was served at the noon hour by club members. The next meeting will be with Mrs. S. S. Hickman on Tuesday October 25.

Mrs. S. S. Hickman, Reporter.

Joe and Curtis Fisher of Houston have been guests of their cousin, Mrs. Homer Nabours and husband.

## Trench Silos Prove Real Boon To Feed Salvage In County

By constructing trench silos, the farmers of Milam county are beginning to take advantage of cheaper means by which to preserve ensilage on their farms.

George Graves of Sharpe was the first to construct the trench silo and last week J. W. Kemp built one on his farm west of Minerva.

The advantages outweigh the disadvantages when one wishes to construct a cheap silo quickly and will take the necessary precautions in filling and covering. The principal advantages of a trench silo are: The low cost of construction; they may be constructed in a short time; it is convenient to place and pack the silage; they are less expensive to fill than above-ground silos; they are wind proof, fire proof and frost proof; it is easy to remove the silage; and it is easy to apply water to the silage.

The silo on the Kemp farm is 148 feet long and will hold 100 tons of feed. The cost of building was only \$25, taking two and a half days for construction. Seventy-five acres of row feed are to be ground up and packed in the two silos for winter use. The ground up feed will consist of sorghum cane, heguri, red top cane and sudan grass and will be mixed with corn and oats, which are stored in barns on the place. This feed is especially fine for dairy and beef cattle.

## Bond Refund

(Continued from page 1)

various County Commissioners' Court may issue refunding obligations for the purpose of refunding any eligible obligations of the county or road districts and the refunding obligations are to have the full approval of the Board of County and District Indebtedness.

County Judge Jeff T. Kemp and County Auditor Giles L. Avriett have recently prepared and filed on Saturday the necessary data and information which it is hoped will furnish the basis for the State to take over and assume the payment of the bonds listed as eligible obligations. This information was furnished in response to a questionnaire mailed to the various County Judges of the State by the Board of County and District Road Indebtedness and was required by Section 7, House Bill No. 2, Third Called Session, Forty-Second Legislature.

### Roads To Be Affected by the Passage of the Bond Assumption Law

The road and highways in Milam county that on September 17, 1932 comprised the State Highway System in said County are as follows:

No. 1. State No. 36, Cameron-Temple road, from Cameron to Bell county line.

No. 2. State No. 36, Cameron-Caldwell road, from Cameron to Burleson county line.

No. 3. State No. 44, Cameron-Rosebud road, from Cameron to Falls county line.

No. 4. State No. 44, Cameron-Rockdale road, from Cameron to Lee county line.

No. 5. State No. 69, Cameron-Hearne road, from Cameron to Robertson county line.

No. 6. State No. 43, Thorndale-Gause road, from Williamson county line to Robertson county line.

No. 1 being part of S. P. 622 F A P No. 359-A & B and part F A P 129 Milam County.

No. 2 being part of S. P. 622 F A P No. 359 A & B and F A P 222.

No. 3 being a part of original No. 2 Road District Issue and F A P 191-A.

No. 4 being parts of original Road District No. 2 Issue & F A P 191-C & 191-D.

No. 5 being parts of Original Road District No. 2 Issue, Road District No. 12 and F A P 103.

No. 6 being part of Original Road District No. 10 Issue and F A Ps Nos. 394-A, 394-B, 494-A & 494-B.

From 1917 to 1925 the awarding of contracts for construction on State Highways was done by the Counties, and State and Federal Funds were paid to the County as Aid.

Since 1925 contracts for State construction have been awarded by the State, and County money has been paid in as Aid to the State.

Expenditures by the County on State Highways in which the State did not participate and also other eligible expenditures of which the State would have no record must be clearly set up in detail.

County Expenditures on State highways can be summarized in the following General Classes:

Class "A"—Expenditures by County on State Highways under Contract awarded Counties from 1917 to 1925 and in which the State participated.

Class "B"—Expenditures by County on State Highways as Aid to the State on Contracts awarded by the State from 1925 to September 1, 1932.

Class "C"—Expenditures to be made by Counties on unfinished Contracts and obligations made prior to September 1, 1932.

Class "D"—Expenditures on Highways prior to June 1917. These must be shown in detail.

Class "E"—Expenditures from June 1917 to September 1932 on State Highways, or roads that are now State Highways, and on which no State or Federal Funds were used.

In this County expenditures on State Highways were made from four General Classes:

Class "A"—Expenditures by County on State Highways under Contract awarded Counties from 1917 to 1925 and in which the State participated.

Class "B"—Expenditures by County on State Highways as Aid to the State on Contracts awarded by the State from 1925 to September 1, 1932.

Class "D"—Expenditures on Highways prior to June 1917. These must be shown in detail.

Class "E"—Expenditures from June 1917 to September 1932 on State Highways, or roads that are now State Highways, and on which no State or Federal Funds were used.

### Road Districts Listed

Prior to 1917 when the State Highway Commission was created several funds from the proceeds of Road Bond Issues were spent in Cameron, Road District No. 2, and in Thorndale Road District No. 6.

It was somewhat difficult to locate all of the records necessary to perfect

the record as it was never anticipated that the exacting details of these various issues would have to be provided for any purpose, but in most instances the details exacted by the Board will be complied with.

Since 1917 when the State Highway Commission was created we have experienced no trouble in furnishing the necessary data as all of the 12 Project Agreements of the State and Federal Aid Projects were intact and contracts which were entered into with the State Highway Commission.

The following Road Districts will participate in the relief to be granted by the Assumption of the Bonds:

Cameron, Road District No. 2.  
Cameron, Road Dist. No. 2, Supp. 1.  
Cameron, Road Dist. No. 2, Supp. 2.  
Gause, Road Dist. No. 5, Supp.  
Thorndale, Road District No. 6.  
Thorndale, Road Dist. No. 6, Supp.  
Buckholts, Road District No. 8.  
Rockdale, Road District No. 10.  
Rockdale, Road Dist. No. 10, Supp.  
Maysfield, Road District No. 12.  
Branchville, Road District No. 14.  
Branchville, Road Dist. No. 14, Supp.  
Ben Arnold, Road District No. 18.  
Milano, Road District No. 29.

### Summary of the County Claims for Eligible Obligations

Class A—\$336,604.53. Bonds, R. D. No. 2, Supp. No. 1, No. 8, No. 2, Supp. No. 2; No. 5, Supp. No. 10 (Original), Nos. 14 original and 14 Supp., No. 18 and No. 29.

Class B—\$92,095.61. Bonds, R. D. No. 6, Supp. and No. 10 Supp.

Class D—\$108,746.98. Bonds, R. D. No. 2 original and No. 6 original.

Class E—\$39,126.29. Bonds, R. D. No. 10 (original) and No. 12.

Totals—\$576,573.41.

### Claims Are Filed

It will be noted from the above summary that claims to the amount of \$576,573.41 have been filed with

the Board, but the sum of only \$490,123.74 will be assumed under the statement of facts and figures finally presented to the Board. This was brought about due to the fact that in some districts, the expenditures on the Highways greatly exceeded the amount of the Bonds now outstanding; for illustration—in Road District No. 2, Supp. 1, \$22,000.00 was spent on the highways and we have \$13,000 outstanding and in Rockdale No. 10, Supp., there was spent \$66,308.76 and we only have \$52,500 outstanding.

Below we give the number of the Road District, the amount claimed and the amount of Bonds outstanding of date, January 1, 1933. The total of the amount claimed being \$576,573.41 and the amount of the Bonds outstanding is \$760,400.00.

### Table On Refunds

Cameron R. D. No. 2 original, claimed \$94,636; outstanding, \$138,000.

Cameron, R. D. No. 2, Supp. 1 claimed \$22,000.00; outstanding \$13,000.00.

Cameron R. D. No. 2, Supp. 2 claimed \$98,450.21; outstanding, \$64,000.

Gause R. D. No. 5, Supp., claimed \$35,160.35; outstanding, \$25,000.

Thorndale R. D. No. 6 claimed 14,110.98; outstanding \$60,000

Thorndale R. D. No. 6 Supp. claimed \$25,786.85; outstanding, \$93,000.

Buckholts R. D. No. 8 claimed \$24,949.54; outstanding, \$63,500.

Rockdale R. D. No. 10 claimed \$60,100.95; outstanding \$92,000.

Rockdale R. D. No. 10 Supp. \$66,308.76; outstanding \$52,500.

Maysfield R. D. No. 12 claimed \$14,537.58; outstanding \$9,000.

Branchville R. D. No. 14 and 14 Supp. claimed \$26,892.77; outstanding \$23,400.

Ben Arnold R. D. No. 18 claimed \$26,845.39; outstanding, \$47,000.

Milano R. D. No. 29 claimed \$66,794.04; outstanding \$90,000.

Total amount claimed \$576,573.41;

outstanding \$760,400.

The total amount of Bonds outstanding of date January 1, 1933 was \$760,400. The difference between this amount and the amount of \$576,573.41 (filed for with the Board) was spent on lateral roads and no relief will be granted.

Of date June 30, 1932 there were outstanding bonds in the Special Road Bonded Districts, the sum of \$1,028,900. If the Claims are allowed by the Board at Austin as listed it will reduce the Road Bonded indebtedness of Milam county to \$538,776.26.

### Result of the Relief Granted to the Tax Payers in the Districts Affected in the Event the Bonds are Paid Off by the State

In Cameron Road District No. 2 Original and the two supplemental issues there will be outstanding of date January 1, 1933 bonds in the sum of \$215,000. There is at present in these Sinking funds and invested in high grade securities, the sum of \$107,331.11. The Sinking Funds necessary to be provided at this time to retire the bonds in the original issue being 40 year bonds, is the sum of \$37,327.50. After deducting this from the sinking fund, there will be left in the sinking fund \$70,003.61.

In Cameron Road District No. 2 Original, bonds outstanding of date January 1, 1933, total \$138,000. Of this amount \$94,636. was spent on the highway. Deduct this amount from the \$138,000 and you have left \$43,364 outstanding which was spent on the lateral roads. Under this plan, if adopted, there would be in the sinking fund \$70,003.61 and deduct \$43,364 from this amount and it will leave a surplus in the sinking fund of \$26,639.61. It will not only wipe out all of the Special Road bonded indebtedness in the three Road bond issues in Cameron, District No. 2, but with the collection of the 1932 taxes, it will leave a surplus in the

sinking fund of \$35,000. All of the Bonds will be paid in Gause, Road District No. 5 Supp. Approximately \$40,000 will be paid in Thorndale, R. D. No. 6. In Buckholts, Road District No. 8 \$25,000 and in Rockdale Road District No. 10, bonds outstanding in the original issue amount to \$92,000. In Road District No. 10 Supp. \$52,500. The expenditures in Road District No. 10 Supp., exceed the outstanding bonds by several thousand dollars. In Rockdale, Road District No. 10, bonds outstanding \$92,000, amount spent on Highway \$60,100.94 and after deducting this from the outstanding bonds, it would leave \$31,899.06. In Rockdale district there is a sinking fund in the sum of \$25,504.30 and deduct this from the bonds outstanding and the amount of \$6,394.76 is left. Under the plan it will retire all of the bonded indebtedness in the Rockdale District with the exception of \$6,394.76. In Maysfield Road District No. 12 all of the Bonds are retired. The same applies

to Branchville Road District No. 14 and 14 Supp. In Ben Arnold Road District No. 18 Bonds outstanding in the sum of \$47,000 and the relief to be granted is \$26,845.39. In Milano Road District No. 29 Bonds outstanding in the sum of \$90,000 and the amount to be retired will be \$66,794.04. All of this issue will be retired with the exception of approximately \$24,000. In Milano Road District No. 29 the tax rate was set this year at \$1.60 and in previous years it has been \$1.65, and you can readily see the great saving it will be to the tax payers in this district.

The officials in preparing the information and data for the Board at Austin have been very careful and painstaking in giving the exact details and while the Board may construe differently some phase of the various issues, they feel confident in the main the record as compiled and filed with them on Saturday will be considered correct.

## MRS. J. J. ANDREWS IS BURIED HERE MONDAY

Yarbrough Andrews, wife of J. J. Andrews, who died Sunday morning, October 16 at 11 o'clock at her home, after a lingering illness, were held at the family residence Monday afternoon by Rev. N. D. Timmerman, pastor of the Baptist church. Interment was made in Oak Hill cemetery.

Mrs. Andrews was born in Sparta, Louisiana, October 16, 1863 and passed away on the anniversary of her 69th birthday. She was the daughter of the late Mr. and Mrs. J. M. Yarbrough and had made her home with her parents in Maysfield, moving to Cameron in 1885 and was married to J. J. Andrews on February 28, 1886 at the home of her parents in Cameron.

Deceased joined the Baptist church early in life and had been a devoted member of the Baptist church of Cameron for years. Was active in church duties and was a loving wife and mother, and a loyal friend. During her long illness bore her suffering with Christian patience and died in the faith.

She is survived by her husband, one child, Miss Lora Lee Andrews, first grade teacher in the Mount Auburn school, Dallas, where she has taught for a number of years and was present at the bedside of her mother at the time of her passing.

Out of town relatives present at the funeral were Mr. and Mrs. Mays, and Mrs. Ira Smith of Houston; Mr. and Mrs. Billie Williams and family of Rosebud, and a friend, Miss Lucy Mae Reynolds of Dallas.

Pallbearers were Dan Tyson, W. R. Hoover, Starrett Hickman, Webb Todd, Dan Gunn and Harve Dobbins.

### Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

### Life Long Republican Buys "Shareholders" Button From Editor

Decatur, Texas, Oct. 18—Colonel Dick Collins, editor of the Wise County Messenger, is a member of the Democratic Campaign Committee for Texas. Among his duties is that of raising funds for the national ticket.

With the courage and pertinacity that is typical of Colonel Dick in everything he undertakes, be it freeing Cuba from the Spaniards to delivering America from the Republicans, he tackled W. C. Milligan, prominent Decatur business man, who has been a life long Republican.

Colonel Dick promptly pinned a Roosevelt-Garner medallion on him, exacted a contribution from him and passed on to the next prospect, Judge A. Muldoon, former Nebraskan and likewise a Republican who became Shareholder in America Number two for Wise County, as quick as Dick could tell his story.

"After that," says Colonel Collins, "the rest was easy." A Democratic photographer caught Colonel Collins and Mr. Milligan in the informal pose pictured in the accompanying photograph.

### METHODIST CHURCH

The pastor and membership of the Methodist church extend a cordial invitation to all who read these lines to attend the services at the church next Sunday. At 11 a. m. the pastor will preach using as his subject: "The Greatest Challenge of Them All" and at the evening hour (7:45 p. m.) Rev. W. W. Connerly will preach using as his subject: "A Willingness To Go." Both the senior and junior choirs are well organized and will lead in the song services, the former in the morning and the

latter in the evening.

Sunday School attendance (at 9:45 a. m.) has been very encouraging in recent weeks; no Christian man, woman or child should fail to enlist in the school of his church. The Epworth Leagues meet at 6:45 p. m., which all young people who are not members elsewhere, are urged to attend.

Let's make next Sunday a great day in Cameron in church attendance.  
C. A. Lehnberg, Pastor.

## DIZZINESS

relieved by Black-Draught

"I decided to take Thedford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling." Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

### COMMITTEES NAMED BY LION PRESIDENT AT TUESDAY LUNCHEON

President Acrey at the noon luncheon of the Lions Club this week announced the committees that will function for the club the following year. The committees follow:

Attendance: Vernon Roberts, Geo. Gott and O. H. Giddings.

Membership: John C. Young, F. R. Dunlap, Lester Glass and Stanton Dossett.

Major Activities: Stanton Dossett, N. D. Timmerman, James Watson and Hilton Culpepper.

Finance: R. P. Jeter, J. C. Martin, Frank Stewart and F. C. Fahrendorf.

Civic: James Watson, Mike Coleman and Charlie Brady.

Program and Lion's Educational: T. A. Fisher, John Henderson, Lucille Dickard, N. D. Timmerman and Joe Denson.

Luncheon: Charlie Frank Green, Stanley Swift, John C. Young and S. L. Williams.

Boys Work: E. C. Cole, Charlie Brady and A. C. Strickland.

Publicity: J. C. Martin, Lester Glass and W. M. Cobb.

An innovation was introduced by Tail Twister Mike Coleman. He has installed a large roulette wheel which every tardy member is required to spin, the number he draws calling for either a fine or the performance of some stunt. It is expected that this will be the means of Lions being more prompt in gathering for the luncheon and will also bring much fun and amusement to those present.

Mr. Reichert of the Fort Worth Star Telegram, who announced himself as "an honorary member" of the Ft. Worth Lions Club, was a visitor representing Hon. Orville Bullington, Republican gubernatorial nominee, who had been invited to address the Lions Club but could not be present.

The guest speaker for the day was the Rev. Ed S. Mace, pastor of the Cameron Christian church, whose talk on "Fools" was very interesting and much appreciated by the club. It is expected that Rev. Mace will become an active member of the Lions Club.

### PRESBYTERIANS CLOSE REVIVAL MEETING

Dr. W. R. Hall closed a two week's evangelistic meeting at the Presbyterian church Sunday night. Dr. Hall is from Corsicana where he has been pastor for several years. Prior to his ministry there he was pastor for the Cameron church and his many friends here say it was a real pleasure to have him preach for this meeting which was a spiritual uplift to the congregation and all those who attended the services.

The present pastor, Rev. O. C. Acrey said there had been a number of additions to the church with a prospect of many more. The pastor of the Christian church with his members, attended the closing services as a courtesy to the departing minister.

### Short Crop

Milam county's cotton crop up to October 1, 1932 was about half the size of the 1931 crop to that date, according to Grover H. Albert, special agent for the Department of Commerce.

There were 22,918 bales of cotton ginned to October 1, 1932 as compared with 44,427 bales ginned to the same date in 1931. It is estimated that the 1932 crop will not exceed 32,000 bales.

### LAST CHANCE

The last of the South Milam League baseball games will be played on Sunday afternoon October 23 at 3 p. m. It could not be ascertained at this moment where the game was to be played but most likely at Sharpe.

Davilla won the first half and the Sharpe team the second half of their schedule and the game of Sunday will decide as to which team shall be crowned as champions of the South Milam League for 1932.

Both teams are well fortified with good players and a tough battle should be on tap for the curtain ringer.

Sales bills for the big sale were printed in the plant of the Cameron Herald and have been mailed to the people of the county. This store believes in patronizing home industry and the order placed for sales bills is one of the largest in the history of local sales.

Important messages from time to time will be made to the people during the progress of this sale. It will continue for some time. Many shipments of new goods have been received to be marked down in this big sale.

## Boy Scout News

All who are interested in Scouting will be pleased to hear that a Court of Honor is to be held in the auditorium of the Yoe high school, Friday night, October 21 at 7:50 p. m. There will be no charge for admittance.

At this time, the highest rank in Scouting, that of Eagle Scout, will be conferred upon one of the Scouts of Troop 53. Other awards will be made to those who have advanced in rank and those who have passed the test for merit awards.

Come out and encourage the young men who deserve your good will and appreciation.

There is a great need for a Troop of younger Scouts in Cameron. Realizing this, the local lodge of Masons have offered to sponsor another troop. So, you boys of 12 and 13 years of age see Scoutmaster Haygood at the Express office or assistant Scoutmaster Narvie Caperton at Parma's Store and they will tell you how you may enter this new troop.

Personally and in the name of the United Workers, I want to thank those Scouts for the splendid service they rendered this week. Truly it was a good turn.

### Jean Harlow Heads Cast of "Red Headed Woman" to Open At The Milam Theater Sunday

"Red Headed Woman," Katharine Brush's widely read novel of a stenographer who capitalized on her sex appeal, comes to the screen at last with Jean Harlow, her famous platinum-blond hair changed to a flaming red, in the title role. The picture will open Sunday, October 23 at the Milam Theatre.

Practically every red-haired actress in Hollywood was given tests for this highly-coveted part before decision was reached by Metro-Goldwyn-Mayer officials to assign the role to Miss Harlow, providing she would change the color of her tresses. Report has it that the alteration has given the noted heroine of "Hells Angels" an entirely new personality, as well as giving her appearance a totally different aspect.

Adapted by Anita Loos  
The novel was adapted to the screen by Anita Loos, author of the sensational "Gentlemen Prefer Blondes," and was directed by Jack Conway, one of whose recent hits was the Barrymore picture "Arsene Lupin."

A stellar cast was lined up for the production with Chester Morris of "Corsair" and "Miracle Man" fame, playing opposite Miss Harlow and with important roles filled by Lewis Stone, Leila Hyams, Una Merkel, H. Stephenson, May Robson, Charles Boyer and Harvey Clark.

The story of "Red Headed Woman" concerns Lil Andrews, an unscrupulous but extremely attractive typist, who exerts her wiles upon her employer, Bill Legendre, despite the fact that he is a married man, with the

### Edward G. Robinson At Milam Theatre ToDay And Friday; Big Hit

Edward G. Robinson, star of First National's "Tiger Shark" which comes to the Milam Theatre today and Friday with Richard Arlen and Zita Johann in the supporting cast, may well lay claim to being a "one-man League of Nations." In his career on stage and screen he has appeared as Chinaman, Italian, American, Hebrew, Greek and now in "Tiger Shark" he is a Portuguese captain of a tuna-fishing boat that cruises the waters of the Gulf of Southern California. Robinson further substantiates his claim with an ability to speak seven languages in addition to English—Rumanian, Hebrew, French, Spanish, Italian, German and Yiddish.

### CAMERON AND HEARNE TIE IN NIGHT GAME

Although the Yoemen outplayed Hearne in the night game Friday at Hearne the score was 6 and 6 when the final whistle blew to end the game. Cameron made 28 first downs while Hearne made less than a half dozen. Cameron backs ran wild. A bad break for Cameron came in the third quarter when a pass went thru Worcester's hands on the two yard line.

A game with Somerville was forfeited to Cameron this week.

### CHANGE OF VENUE GIVEN TUCKER; CASES TAKEN TO BELL COUNTY

A change of venue was granted by Judge Dodson in District Court here Saturday to J. C. Tucker on application by his attorneys.

The case was transferred with all indictments to Bell county.

J. C. Tucker was indicted on 17 counts by a grand jury following the closing of the Cameron State Bank. The case was called for trial here on October 10 with four of the charges set down or hearing. The judge interrupted the case during testimony given in support of a change of venue and indicated he had heard enough to justify granting the change and announced final decision would be made Saturday. Accordingly he returned from Marlin and entered the order sending the case to Bell county.

Under the Texas statute the case should have been sent to Caldwell in Burleson county, the nearest court house, it was said.

### TWO FARMERS INJURED IN RIVER ROAD MISHAP

According to them they were coming to town with a load of cotton when a truck loaded with feed approached. The mules became frightened and backed the wagon off the trestle.

### Cameron High Plays Waco Here Friday

The Yoemen will play the Waco Preparatory School at Lawless Green Field Friday. Cameron has the strongest football team in many years and the game should be one of the best of the season.

We are glad to report that little Evelyn Hooks, small daughter of Mr. and Mrs. George Hooks, is now much improved after a spell of illness of several days duration.

### AUDITOR GILES AVRIETT AND JUDGE FILE FOR RELIEF DUE COUNTY

By GILES L. AVRIETT

The Legislature at the September Session passed the Bond Assumption Bill. The law in effect will give relief to the Tax Payers in the Special Road Bonded Districts of Milam County to the extent of approximately \$500,000.00.

The Legislature only provided that Bonds and Warrants be assumed which mature from January 1, 1933 to August 31, 1933 and from September 1, 1933 to December 31, 1933. Future Legislatures will have to provide the necessary Legislation and re-enact the law every two years if carried to a conclusion.

For the purpose of administering and putting the provisions of the act into execution, a Board of County and District Road Indebtedness was created, which shall consist of the State Highway Engineer, the State Comptroller of Public Accounts and the State Treasurer. It is the duty of this Board to estimate the required amount to retire the principal and interest of the eligible obligations maturing on the various dates listed above.

### Paid From Gasoline Tax

In the event it is determined that the amount set aside from the gasoline tax is sufficient to pay the principal and interest on the bonds maturing, then and there is no necessity for any tax to be levied by the Commissioners' Court of the various counties. In the event the amount set aside from the gasoline tax is insufficient to create a fund to retire the bonds and pay the interest, then it will be necessary for the Board to give the proper notice to the Commissioners' Court of the various counties and a tax will have to be levied by the Court to raise a fund with which to supplement the amount provided by the gasoline tax.

As an alternative for levying and collecting a tax to supplement the fund raised by the gasoline tax, the (See BOND REFUND, page 6)

### BULLINGTON WOULD SAVE TEXAS FROM JIM AND MA FOR GOOD GOVERNMENT

Orville Bullington of Wichita Falls candidate for governor on the Republican ticket, spoke in Cameron Tuesday morning at 10 o'clock. His appeal was to the Democrats who voted for Sterling and who contemplate a bolt.

He said his ambition was to bring good government to Texas and to save the state from Jim and Ma. He was introduced by Jim Baskin, member of the Democratic Executive Committee for the Cameron Precinct.

Mr. Bullington in the course of his address said there was no one else to vote for but Bullington. He said he wanted to hold the office two years and would retain all the present employees to man the government.

The candidacy of Mr. Bullington is an appeal to those who will not vote for Mrs. Ferguson. In a statement issued to the people of Texas Tuesday former Democrats have given their support to Bullington, among them T. S. Henderson of Cameron.

### TICKETS RECEIVED IN CAMERON FOR VOTING ON NOVEMBER EIGHTH

Absentee votes may be cast not less than three days prior to the election nor more than 20 days.

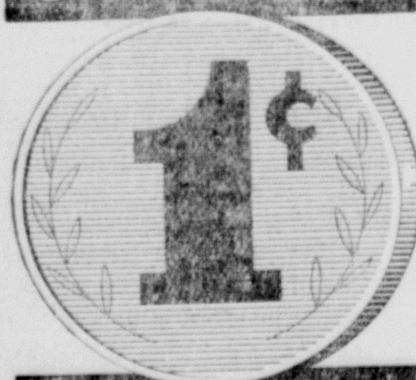

## Trench Silos Prove Real Boon To Feed Salvage In County

By constructing trench silos, the farmers of Milam county are beginning to take advantage of cheaper means by which to preserve ensilage on their farms.

George Graves of Sharps was the first to construct the trench silo and

last week J. W. Kemp built one on his farm west of Minerva.

The advantages outweigh the disadvantages when one wishes to construct a cheap silo quickly and will take the necessary precautions in filling and covering. The principal advantages of a trench silo are: The low cost of construction; they may be constructed in a short time; it is convenient to place and pack the silage; they are less expensive to fill than above-ground silos; they are wind proof, fire proof and frost proof; it is easy to remove the silage; and it is easy to apply water to the silage.

The silo on the Kemp farm is 148 feet long and will hold 100 tons of feed. The cost of building was only \$25, taking two and a half days for construction. Seventy-five acres of row feed are to be ground up and packed in the two silos for winter use. The ground up feed will consist of sorghum cane, hog corn, red top cane and sudan grass and will be mixed with corn and oats, which are stored in barns on the place. This feed is especially fine for dairy and beef cattle.

## Most Recent Rise of Rio Grande

Here is the International bridge at Presidio, Texas, way down at the bottom of the "Big Bend." The Rio Grande river's latest rise swept portions of this bridge away last week, and caused extensive crop damage in the vicinity. The flood resulted from heavy rains on water sheds of the usually dry creeks in this desert-like section, and spent itself before it reached the lower sections of Texas, which have just passed through a serious flood period.

## Rev. C. A. Lehmborg Asks Year's Rest In Work Of Ministry

Sunday, October 16th, marked the 41st anniversary of the entrance of Rev. C. A. Lehmborg into the ministry of the Methodist church. This event was noted by the congregation of the Methodist church where Mr. Lehmborg has been pastor for three years, and is leaving for Texas Annual Conference which is to be held at Navasota on November 3, where he expects, on account of continued ill health, to ask for a leave of absence from ministerial work for one year. He and his wife will make their home in Bartlett during his rest.

Rev. Lehmborg has served his people here with an interest that has drawn to him many close friends both in his congregation and other denominations.

While he is resting and improving, doubtless his year's rest will restore him to his usual good health and activities.

Just before the morning services Sunday, Mrs. R. L. Batte, presented a beautiful floor basket filled with 41 choice rosebuds, in commemoration of his 41 years service in the ministry. The roses were grown and basket arranged by Mrs. Leland Green and proved a real joy to the people at the parsonage.

NEW "SCIENTIFIC WAY" TO RELIEVE

## Sour Stomach and ACID INDIGESTION

Do you suffer from excess ACIDITY, sometimes known as nervous indigestion?

Nature furnishes us with an alkaline reserve to prevent the accumulation of acid in the stomach.

If the alkaline reserve is normal the acid toxins of digested food are neutralized and we do not know we have a stomach. Late hours; over work; irregular meals and the eating of too many acid forming foods such as meat, bread, eggs, cereals and pastry causes EXCESS ACIDITY.

Nearly all stomach troubles such as indigestions, gas pains, and that burning, gnawing feeling after meals are known as Acidosis. The way to get relief is to correct this excess acid condition. A noted German specialist who treated 100,000 cases of stomach trouble, after 20 years of research and experiments, has compounded a private formula that has produced miraculous results. ## L. W. Sledge Buried In Rockdale Sunday

L. W. Sledge, 54, a prominent citizen of Rockdale since 1914, died at his home on North Ackerman Street last Saturday morning at 10 o'clock.

News of his death came as a distinct shock. While he had been a semi-invalid for a long time, and had been confined to his room for several weeks, his death was not anticipated by either his family or his friends. Indeed, so sudden was his passing that his only brother, C. W. Sledge, of Pearsall, was unable to reach his bedside before the end.

Funeral services were conducted at the home Sunday afternoon at three o'clock by Rev. J. P. Love, rector of the Rockdale Episcopal church, of which decedent had long been a faithful member. The remains were then taken in charge by Rockdale Lodge No. 414, A. F. & A. M., interment following in the I. O. O. F. cemetery under the impressive Masonic ritual and in the presence of an immense crowd of sorrowing friends.—Rockdale Reporter.

## HORSELESS CARRIAGE WHICH TOOK SHARPE BY STORM IN 1908 STILL IS TALK OF TOWN IN MODERN TIMES

By JOHNNIE BROWN

Sharpe, Texas, October 18—Picture a quiet Sunday afternoon in the Sharpe community back in the good old days of 1908.

Suddenly the Sabbath calm is broken by a sputtering roar—a very strange looking vehicle moves into sight. Mules, cattle and other stock tear for shelter, and mothers clutch their infants closer. But don't be alarmed, it was only Paul C. Graves in his new car out for a Sunday afternoon spin.

The same car, a 1908 model Hup-

mobile, is now the property of Earnest Backhaus, also of Sharpe, who claims that it is the oldest in this part of the State.

Although it has been overhauled but once the car is still in good running condition, and its four cylinders perform their task unfaithfully. It is as queer looking to the younger generation of today as it was to the old timers in 1908.

Asked why he does not use the car for his "Sunday" or "Church Going car," Mr. Backhaus explained that he did not wish to disturb the public worship in such a manner.

## Jones Prairie Club Holds Meet Tuesday

The general assembly of the 4-H Club met Tuesday at the school house with County Home Agent, Miss Bartholomew and County Agent George Banzhaf in charge, also the school board and patrons, for a general clean up and plans were made for a three year course of beautifying the school grounds. Much enthusiasm was manifested. A cobble stone walk was made at the front entrance and a brick walk rearranged at the side. Flower beds were made in which to set out shrubs and trees later. Lunch was served at the noon hour by club members. The next meeting will be with Mrs. S. S. Hickman on Tuesday October 25.

Mrs. S. S. Hickman, Reporter.

## Trench Silos Prove Real Boon To Feed Salvage In County

By constructing trench silos, the farmers of Milam county are beginning to take advantage of cheaper means by which to preserve ensilage on their farms.

George Graves of Sharpe was the first to construct the trench silo and last week J. W. Kemp built one on his farm west of Minerva.

The advantages outweigh the disadvantages when one wishes to construct a cheap silo quickly and will take the necessary precautions in filling and covering. The principal advantages of a trench silo are: The low cost of construction; they may be constructed in a short time; it is convenient to place and pack the silage; they are less expensive to fill than above-ground silos; they are wind proof, fire proof and frost proof; it is easy to remove the silage; and it is easy to apply water to the silage.

The silo on the Kemp farm is 148 feet long and will hold 100 tons of feed. The cost of building was only \$25, taking two and a half days for construction. Seventy-five acres of row feed are to be ground up and packed in the two silos for winter use. The ground up feed will consist of sorghum cane, hegari, red top cane and sudan grass and will be mixed with corn and oats, which are stored in barns on the place. This feed is especially fine for dairy and beef cattle.

## Bond Refund

(Continued from page 1)

various County Commissioners' Courts may issue refunding obligations for the purpose of refunding any eligible obligations of the county or road districts and the refunding obligations are to have the full approval of the Board of County and District Indebtedness.

County Judge Jeff T. Kemp and County Auditor Giles L. Avriett have recently prepared and filed on Saturday the necessary data and information which it is hoped will furnish the basis for the State to take over and assume the payment of the bonds listed as eligible obligations. This information was furnished in response to a questionnaire mailed to the various County Judges of the State by the Board of County and District Road Indebtedness and was required by Section 7, House Bill No. 2, Third Called Session, Forty-Second Legislature.

### Roads To Be Affected by the Passage of the Bond Assumption Law

The road and highways in Milam county that on September 17, 1932 comprised the State Highway System in said County are as follows:

No. 1. State No. 36, Cameron-Temple road, from Cameron to Bell county line.

No. 2. State No. 36, Cameron-Caldwell road, from Cameron to Burleson county line.

No. 3. State No. 44, Cameron-Rosebud road, from Cameron to Falls county line.

No. 4. State No. 44, Cameron-Rockdale road, from Cameron to Lee county line.

No. 5. State No. 69, Cameron-Hearne road, from Cameron to Robertson county line.

No. 6. State No. 43, Thorndale-Gause road, from Williamson county line to Robertson county line.

No. 1 being part of S. P. 622 F A P No. 359-A & B and part F A P 129 Milam County.

No. 2 being part of S. P. 622 F A P No. 359 A & B and F A 232.

No. 3 being a part of original No. 2 Road District Issue and F A P 191-A.

No. 4 being parts of original Road District No. 2 Issue & F A P 191-C & 191-D.

No. 5 being parts of Original Road District No. 2 Issue, Road District No. 12 and F A P 103.

No. 6 being part of Original Road District No. 10 Issue and F A Ps Nos. 394-A, 394-B, 494-A & 494-B.

From 1917 to 1925 the awarding of contracts for construction on State Highways was done by the Counties, and State and Federal Funds were paid to the County as Aid.

Since 1925 contracts for State construction have been awarded by the State, and County money has been paid in as Aid to the State.

Expenditures by the County on State Highways in which the State did not participate and also other eligible expenditures of which the State would have no record must be clearly set up in detail.

County Expenditures on State highways can be summarized in the following General Classes:

Class "A"—Expenditures by County on State Highways under Contract awarded Counties from 1917 to 1925 and in which the State participated.

Class "B"—Expenditures by County on State Highways as Aid to the State on Contracts awarded by the State from 1925 to September 1, 1932.

Class "C"—Expenditures to be made by Counties on unfinished Contracts and obligations made prior to September 1, 1932.

Class "D"—Expenditures on Highways prior to June 1917. These must be shown in detail.

Class "E"—Expenditures from June 1917 to September 1932 on State Highways, or roads that are now State Highways, and on which no State or Federal Funds were used.

In this County expenditures on State Highways were made from four General Classes:

Class "A"—Expenditures by County on State Highways under Contract awarded Counties from 1917 to 1925 and in which the State participated.

Class "B"—Expenditures by County on State Highways as Aid to the State on Contracts awarded by the State from 1925 to September 1, 1932.

Class "D"—Expenditures on Highways prior to June 1917. These must be shown in detail.

Class "E"—Expenditures from June 1917 to September 1932 on State Highways, or roads that are now State Highways, and on which no State or Federal Funds were used.

### Road Districts Listed

Prior to 1917 when the State Highway Commission was created several funds from the proceeds of Road Bond Issues were spent in Cameron, Road District No. 2, and in Thorndale Road District No. 6.

It was somewhat difficult to locate all of the records necessary to perfect

the record as it was never anticipated that the exacting details of these various issues would have to be provided for any purpose, but in most instances the details exacted by the Board will be complied with.

Since 1917 when the State Highway Commission was created we have experienced no trouble in furnishing the necessary data as all of the 12 Project Agreements of the State and Federal Aid Projects were intact and contracts which were entered into with the State Highway Commission.

The following Road Districts will participate in the relief to be granted by the Assumption of the Bonds:

Cameron, Road District No. 2.  
Cameron, Road Dist. No. 2, Supp. 1.  
Cameron, Road Dist. No. 2, Supp. 2.  
Gause, Road Dist. No. 5, Supp.  
Thorndale, Road District No. 6.  
Thorndale, Road Dist. No. 6, Supp.  
Buckholts, Road District No. 8.  
Rockdale, Road District No. 10.  
Rockdale, Road Dist. No. 10, Supp.  
Maysfield, Road District No. 12.  
Branchville, Road District No. 14.  
Branchville, Road Dist. No. 14, Supp.  
Ben Arnold, Road District No. 18.  
Milano, Road District No. 29.

### Summary of the County Claims for Eligible Obligations

Class A—\$336,604.53. Bonds, R. D. No. 2, Supp. No. 1, No. 8, No. 2, Supp. No. 2; No. 5, Supp. No. 10 (Original), Nos. 14 original and 14 Supp. No. 18 and No. 29.

Class B—\$92,095.61. Bonds, R. D. No. 6, Supp. and No. 10 Supp.

Class D—\$108,746.98. Bonds, R. D. No. 2 original and No. 6 original.

Class E—\$39,126.29. Bonds, R. D. No. 10 (original) and No. 12.

Totals—\$576,573.41.

### Claims Are Filed

It will be noted from the above summary that claims to the amount of \$576,573.41 have been filed with

the Board, but the sum of only \$490,123.74 will be assumed under the statement of facts and figures finally presented to the Board. This was brought about due to the fact that in some districts, the expenditures on the Highways greatly exceeded the amount of the Bonds now outstanding; for illustration—in Road District No. 2, Supp. 1, \$22,000.00 was spent on the highways and we have \$13,000 outstanding and in Rockdale No. 10, Supp., there was spent \$66,308.76 and we only have \$52,500 outstanding.

Below we give the number of the Road District, the amount claimed and the amount of Bonds outstanding of date, January 1, 1933. The total of the amount claimed being \$576,573.41 and the amount of the Bonds outstanding is \$760,400.00.

### Table On Refunds

Cameron R. D. No. 2 original, claimed \$94,636; outstanding, \$138,000.

Cameron, R. D. No. 2, Supp. 1 claimed \$22,000.00; outstanding \$13,000.00.

Cameron R. D. No. 2, Supp. 2 claimed \$98,450.21; outstanding, \$64,000.

Gause R. D. No. 5, Supp., claimed \$35,160.35; outstanding, \$25,000.

Thorndale R. D. No. 6 claimed \$110.98; outstanding \$60,000.

Thorndale R. D. No. 6 Supp. claimed \$25,786.85; outstanding, \$93,000.

Buckholts R. D. No. 8 claimed \$24,949.54; outstanding, \$63,500.

Rockdale R. D. No. 10 claimed \$60,100.95; outstanding \$92,000.

Rockdale R. D. No. 10 Supp. \$66,308.76; outstanding \$52,500.

Maysfield R. D. No. 12 claimed \$14,537.58; outstanding \$9,000.

Branchville R. D. No. 14 and 14 Supp. claimed \$26,892.77; outstanding \$23,400.

Ben Arnold R. D. No. 18 claimed \$26,845.39; outstanding, \$47,000.

Milano R. D. No. 29 claimed \$66,794.04; outstanding \$90,000.

Total amount claimed \$576,573.41; outstanding \$760,400.

The total amount of Bonds outstanding of date January 1, 1933 was \$760,400. The difference between this amount and the amount of \$576,573.41 (filed for with the Board) was spent on lateral roads and no relief will be granted.

Of date June 30, 1932 there were outstanding bonds in the Special Road Bonded Districts, the sum of \$1,028,900. If the Claims are allowed by the Board at Austin as listed it will reduce the Road Bonded indebtedness of Milam county to \$538,776.26.

### Result of the Relief Granted to the Tax Payers in the Districts Affected in the Event the Bonds are Paid Off by the State

In Cameron Road District No. 2 Original and the two supplemental issues there will be outstanding of date January 1, 1933 bonds in the sum of \$215,000. There is at present in these Sinking funds and invested in high grade securities, the sum of \$107,331.11. The Sinking Funds necessary to be provided at this time to retire the bonds in the original issue being 40 year bonds, is the sum of \$37,327.50. After deducting this from the sinking fund, there will be left in the sinking fund \$70,003.61.

In Cameron Road District No. 2 Original, bonds outstanding of date January 1, 1933, total \$138,000. Of this amount \$94,636. was spent on the highway. Deduct this amount from the \$138,000 and you have left \$43,364 outstanding which was spent on the lateral roads. Under this plan, if adopted, there would be in the sinking fund \$70,003.61 and deduct \$43,364 from this amount and it will leave a surplus in the sinking fund of \$26,639.61. It will not only wipe out all of the Special Road bonded indebtedness in the three Road bond issues in Cameron, District No. 2, but with the collection of the 1932 taxes, it will leave a surplus in the

sinking fund of \$35,000. All of the Bonds will be paid in Gause, Road District No. 5 Supp. Approximately \$40,000 will be paid in Thorndale, R. D. No. 6. In Buckholts, Road District No. 8 \$25,000 and in Rockdale Road District No. 10, bonds outstanding in the original issue amount to \$92,000. In Road District No. 10 Supp. \$52,500. The expenditures in Road District No. 10 Supp., exceed the outstanding bonds by several thousand dollars. In Rockdale, Road District No. 10, bonds outstanding \$92,000, amount spent on Highway \$60,100.94 and after deducting this from the outstanding bonds, it would leave \$31,899.06. In Rockdale district there is a sinking fund in the sum of \$25,504.39 and deduct this from the bonds outstanding and the amount of \$6,394.76 is left. Under the plan it will retire all of the bonded indebtedness in the Rockdale District with the exception of \$6,394.76. In Maysfield Road District No. 12 all of the Bonds are retired. The same applies

to Branchville Road District No. 14 and 14 Supp. In Ben Arnold Road District No. 18 Bonds outstanding in the sum of \$47,000 and the relief to be granted is \$26,845.39. In Milano Road District No. 29 Bonds outstanding in the sum of \$90,000 and the amount to be retired will be \$66,794.04. All of this issue will be retired with the exception of approximately \$24,000. In Milano Road District No. 29 the tax rate was set this year at \$1.60 and in previous years it has been \$1.65, and you can readily see the great saving it will be to the tax payers in this district.

The officials in preparing the information and data for the Board at Austin have been very careful and painstaking in giving the exact details and while the Board may construe differently some phase of the various issues, they feel confident in the main the record as compiled and filed with them on Saturday will be considered correct.

## MRS. J. J. ANDREWS IS BURIED HERE MONDAY

Yarborough Andrews, wife of J. J. Andrews, who died Sunday morning, October 16 at 11 o'clock at her home, after a lingering illness, were held at the family residence Monday afternoon by Rev. N. D. Timmerman, pastor of the Baptist church. Interment was made in Oak Hill cemetery.

Mrs. Andrews was born in Sparta, Louisiana, October 16, 1863 and passed away on the anniversary of her 69th birthday. She was the daughter of the late Mr. and Mrs. J. M. Yarborough and had made her home with her parents in Maysfield, moving to Cameron in 1885 and was married to J. J. Andrews on February 28, 1886 at the home of her parents in Cameron.

Deceased joined the Baptist church early in life and had been a devoted member of the Baptist church of Cameron for years. Was active in church duties and was a loving wife and mother, and a loyal friend. During her long illness bore her suffering with Christian patience and died in the faith.

She is survived by her husband, one child, Miss Lora Lee Andrews, first grade teacher in the Mount Auburn school, Dallas, where she has taught for a number of years and was present at the bedside of her mother at the time of her passing.

Out of town relatives present at the funeral were Mr. and Mrs. Mays, and Mrs. Ira Smith of Houston; Mr. and Mrs. Billie Williams and family of Rosebud, and a friend, Miss Lucy Mae Reynolds of Dallas.

Pallbearers were Dan Tyson, W. R. Hoover, Starrett Hickman, Webb Todd, Dan Gunn and Harve Dobbins.

### PLATE SUPPER AT MARLOW

A plate supper will be given at the Marlow School Thursday night, October 27. Hon. W. G. Gillis will speak for Roosevelt and Garner. Everybody invited.

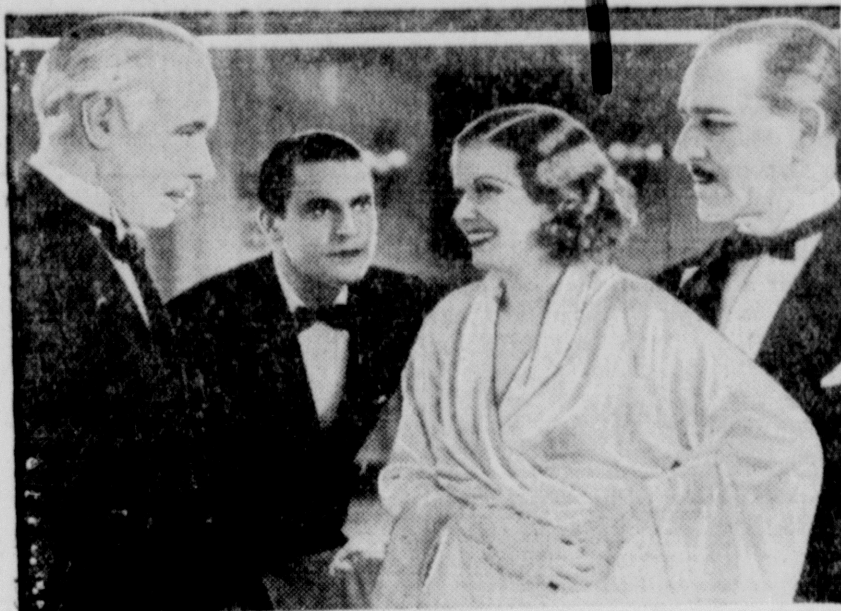

### Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

## Life Long Republican Buys "Shareholders" Button From Editor

Decatur, Texas, Oct. 18—Colonel Dick Collins, editor of the Wise County Messenger, is a member of the Democratic Campaign Committee for Texas. Among his duties is that of raising funds for the national ticket.

With the courage and pertinacity that is typical of Colonel Dick in everything he undertakes, be it freeing Cuba from the Spaniards to delivering America from the Republicans, he tackled W. C. Milligan, prominent Decatur business man, who has been a life long Republican.

Colonel Dick promptly pinned a Roosevelt-Garner medallion on him, exacted a contribution from him and passed on to the next prospect, Judge A. Muldoon, former Nebraskan and likewise a Republican, who became Shareholder in America Number two for Wise County, as quick as Dick could tell his story.

"After that," says Colonel Collins, "the rest was easy." A Democratic photographer caught Colonel Collins and Mr. Milligan in the informal pose pictured in the accompanying photograph.

### METHODIST CHURCH

The pastor and membership of the Methodist church extend a cordial invitation to all who read these lines to attend the services at the church next Sunday. At 11 a. m. the pastor will preach using as his subject: "The Greatest Challenge of Them All" and at the evening hour (7:45 p. m.) Rev. W. W. Connerly will preach using as his subject: "A Willingness To Go." Both the senior and junior choirs are well organized and will lead in the song services, the former in the morning and the

latter in the evening.

Sunday School attendance (at 9:45 a. m.) has been very encouraging in recent weeks; no Christian man, woman or child should fail to enlist in the school of his church. The Epworth Leagues meet at 6:45 p. m., which all young people who are not members elsewhere, are urged to attend.

Let's make next Sunday a great day in Cameron in church attendance.  
C. A. Lehmborg, Pastor.

## DIZZINESS

relieved by Black-Draught

"I decided to take Thedford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.
